News Break Scavenger Hunt

Sunday’s News Break challenges you to hunt through the Sunday, March 29, 2020 print replica of The Seattle Times to find answers to the following questions.

1. The governor has clashed with Trump in recent days over the federal government’s response to the crisis, trading comments and tweets as Inslee has urged the president to provide states with what? (MAIN)
2. Public Health - Seattle & King County considers people over the age of _____ to be an especially vulnerable group to severe disease if infected with the virus that causes COVID-19. (MAIN)
3. There is very little data showing that flat surgical masks, in particular, have a protective effect for the general public against the Covid-19 virus. How do the masks work? (MAIN)
4. Climate change is imperiling the world’s largest animals by increasing the likelihood of what? (MAIN)
5. The Trump administration has announced that individuals and businesses will be allowed to delay filing and paying their federal tax bills for _____ days as part of an emergency relief plan amid the coronavirus pandemic. (BUSINESS)
6. ________________, __________ and ________________ are well-known for their role in affecting one’s risk for heart disease. While ______________ also is known to play a role, recent research presented at the American Heart Association’s Scientific Sessions found that for women, certain occupations are associated with a higher risk of cardiovascular problems. (BUSINESS)
7. Restaurants across Greater Seattle (and the U.S.) are hurting due to the coronavirus-related shutdown. Yet many continue to do what? (THE MIX)
8. What are 7 new skills that you can learn on YouTube? (THE MIX)
9. University of Washington psychologists are already studying the impacts of social distancing on King County adults. The stress that comes from isolation can affect ______________ - ______________ functions and increase ______________; connection is more crucial than ever. (THE MIX)
10. While elected leaders have yet to explicitly ban hiking, trail running, mountain biking, backcountry skiing or mountaineering, access to public lands has closed left and right in the wake of the order, and there is a growing consensus among the region’s outdoor enthusiasts that as we buckle down to weather the coronavirus pandemic, adventure can ________. (THE MIX)
